

Progress in Paper Physics Seminar

September 5-8
Graz 2011

The 2011 Progress in Paper Physics Seminar will cover all areas of Paper Physics addressing latest developments in both applied and theoretical research. A poster session will provide the opportunity to discuss selected contributions peer-to-peer. The Seminar will be held at Graz University of Technology, which has been established 200 years ago and is situated close to the historic city center.

Social Program

- Welcome Reception
- Guided city tour with conference dinner
- Mill Excursion

About Graz

Being the home of five universities, about one fifth of Graz's population consists of students. A prospering cultural and student life makes 2003's cultural capital of Europe one of the loveliest and liveliest cities of Austria.

Being part of the UNESCO world heritage the „Grazer Schloßberg“ overlooks the historical city center. Numerous cultural and historic sites as well as restaurants are within walking distance and attract tourists throughout the year. Those who stay until dawn will find themselves surrounded by a vibrant nightlife normally only mediterranean cities are known for.
